GROUND HOG DAY – TUESDAY, FEBRUARY 2ND

Many Canadians take the time to observe Groundhog Day on February 2 each year. Groundhog Day in Canada focuses on the concept of a groundhog coming out of its home in mid-winter to “predict” if spring is on its way in the northern hemisphere. Groundhog Day has attracted media attention over the years and its popularity continues to grow in Canada. A festival is held in the town of Wiarton in Bruce County, Ontario, to honor Groundhog Day. The town has its own groundhog, Wiarton Willie, which it shares with the nation. Locals, fans and news reporters come out to “hear Willie’s prediction” early in the morning on February 2 each year. Other events at the festival include dances, contests, parades and pancake breakfasts.

Thousands of years ago when animalism and nature worship were prevalent, people in the area of Europe now known as Germany believed that the badger had the power to predict the coming of spring. They watched the badger to know when to plant their crops.

This tradition was brought over to North America, predominantly in Pennsylvania in the United States, where it was the groundhog, not the badger, which makes these “predictions”. According to folklore, if the groundhog will see its shadow on February 2 it will return to its burrow, indicating that there will be six more weeks of winter. If it does not see its shadow, then spring is on the way.

The Groundhog Day concept became popular in Canada in 1956 when Wiarton Willie became a household name for his early February “weather predictions”. Wiarton’s Groundhog Day festival grew as Willie’s fame increased. It became one of the largest winter festivals in Bruce County, Canada.

There are also other groundhogs in different parts of Canada. For example, Shubenacadie Sam is reportedly the first groundhog in the country to stick its head out on Groundhog Day. Other groundhogs include: Gary the Groundhog in Ontario, Brandon Bob in Manitoba and Balzac Billy in Alberta.

FEBRUARY 2ND IS ALSO CANDLEMAS

Candlemas is a Christian holiday celebrated annually on February 2. It celebrates three occasions according to Christian belief: the presentation of the child Jesus; Jesus’ first entry into the temple; and it celebrates the Virgin Mary’s purification (mainly in Catholic churches). Many Christians consider Jesus as the “light of the world” so it is fitting that candles are blessed on this day and that a candle-lit procession precedes the mass. Many Orthodox Christians celebrate this event by bringing beeswax candles to their local church and requesting for these candles to be blessed to be used in the church or at home. Some Christians observe the practice of leaving Christmas decorations up until Candlemas.

***Did You Know ...** Snowdrops are known as Candlemas Bells because they often bloom early in the year, even before Candlemas. Some varieties bloom all winter (in the northern hemisphere). The superstitious used to believe that these flowers should not be brought into the house prior to Candlemas. However, it is also believed in more recent times that these flowers purify a home.*

WANDERING THOUGHTS

(as we see them)

Weather has been in the headlines this past week – no, not our weather (which has been great) – but the weather down south in the States. El Nino has been great for us so far this past winter although the lack of snow so far might cause a lack of moisture come spring and summer. But pictures of the snowfall and blizzard-like conditions in the Eastern States bring back memories of past winters in the prairies. “Blizzards bring US east coast to a standstill and delivers near record snowfalls and high winds” is the news headline. According to news reports New York and Washington, DC reported anywhere from 26” to over 30-40” of snow with high winds. Flights were cancelled, traffic warned to stay off the streets, stores, schools and offices shut down. Major flooding has occurred in coastal areas and more flooding might happen elsewhere as the snow begins to melt. Not only in the States, but Japan recorded the most snow in over 100 years and Taiwan has reported receiving snow. On a good note, some benefits of cold weather is that when it’s cold, we tend to burn more calories and cold helps fight off chronic diseases.

Have you been watching the NFL games? On Feb.7th the Super Bowl will feature the Carolina Panthers and Denver Broncos. We are sure the footballs will be checked to make sure they are not deflated this year.

The Canadian Parliament is to be back in session as of January 26th - we will be watching with interest to see if election promises are kept. We discovered an interesting fact on the internet the other day: A group of women in Manitoba started a movement to win the right to vote a century ago. That province was the first place in Canada to bring in women’s suffrage on January 28, 1916. That triggered a wave of changes – first in Western Canada and finally at the Federal level in 1919. It should be noted, however, that indigenous people did not get the vote federally until 1960.

Speaking of elections, the American “road-show” provides much entertainment these days. Americans finally begin choosing next week among the Republican and Democratic candidates battling to be their party’s 2016 presidential nominee in a series of state-by-state votes. Americans will elect the 45th President of the United States on November 8, 2016. We are not sure we totally understand the American election process but watch this “American Reality Show” with interest or in some cases, trepidation.

"Still Down South"

Another first - attended a polo match - no, not as a participant but as a spectator!

Also went on a hike into a mountain canyon - most interesting!

Had supper with other vacationing Wawotians - great to compare their expeditions with ours.

Been taking in some musical shows - Mel Tillis, Bobby Riddell. Frankie Avalon & the latest Dwight Yoakum.

The weather has finally become more favorable - into the mid 70F but it does cool off as the sun disappears behind the mountain.

Well, all good things come to an end - & vacations become memories. By the time you are reading this, our compass will be pointing NORTH - See you all soon.

P.S. Two non-Flyer pool winners have "crossed the line" & are now winners, leaving only ONE unfortunate!

Q: What do the bottom two College Football teams play in? A: THE TOILET BOWL

Apparently, the Federal Parliament members have "been in session" for one week since June. They go back to work this week.

Overheard ...

Oilfield Worker says to his MP "You've got to help me. I have only worked one week since June."

Member of Parliament "Me too. Great isn't it?!"

Are you grieving a loss in your life? Would you or someone you know benefit from a supportive group environment of individuals with similar experiences?

GRIEF & LOSS SUPPORT GROUP

Maryfield Medical Clinic
233 Main Street, Maryfield SK.
1-306-646-2133

Refreshments provided by Sun Country Health Region
Following a break over Christmas and the New Year, our support group is continuing to meet on Wednesday evenings at the clinic. We are in the process of making some changes: groups will soon be held on alternating weeks, with in person meetings one week and Telehealth meetings the next. This is to meet an expressed need for individuals in surrounding communities who, for various reasons, are unable to attend the in person meetings. The new schedule for this service will be verified in early February, when we have confirmed approval, and we hope to begin this new format by the middle of February. If you live in a community other than Maryfield and would like to participate in this new program please contact the clinic at the above phone number.

New and returning members: you are welcomed at whatever time you feel ready.

Most people associate the word grief primarily with death, but it actually applies to more than forty human loss experiences. -griefrecoverymethod.com-

What's new @ the Emporium ...

Last week of January and the weather has been delightful ... all those people that went down south to "get away" from the cold weather, sure missed out!!

We held our 1st **Mediation at the Emporium** and it was a great success. Tami will be coming back February 1st @ 1:00 p.m. for another session. Please come and join us in our peaceful Mediation Room and learn how to de-stress.

I held the 1st **Grammie's Girl Group** (11 & up) on Wednesday and it too was a great success. Last week I advertised about a group for 6-10 yrs but made a mistake on the date – it will be held on February 3rd (Wednesday). For those girls that skate I would be willing to have another class on February 4th (Thursday) – please let me know so that I can get enough supplies. We will have a great time.

A few dates to keep in mind:

- 4 days 'til Groundhog Day – Feb. 2
- 10 days 'til Shrove Tuesday – Feb. 9
- 15 days 'til Valentine's Day – Feb. 14
- 43 days 'til Daylight Savings Time – Mar. 13
