LUCK OF THE IRISH ??

St. Patrick's Day is 15 days away, but we feel that we were recipients of some **GOOD LUCK** on Tuesday night/Wednesday morning when the power was off for nearly 10 hours – and the outside temperature was not -25° with a NW wind!!

The realization hit when the alarm didn't go off as usual and the coolness hit the nose as you pulled off the covers – then the fun begins!

No water, no lights, no heat – what shall we do? Stay in bed 'til the power comes on ... it worked!

Word received is that the power failure was from Carlyle east to the Manitoba border – caused by a fire impacting a Sask Power transmission structure. The fire was put out and the repair work begun but would take time to properly fix the damage. They were talking to Manitoba Hydro to see how much could be imported from them to make sure they could bring people back on while repairing the damage with the hopes that all customers would be back on around noon. Thank you to dedicated Sask Power workers who "got the lights/heat" back on!!

WAWOTA LITTLE DRESSES AND SHORTS

Can it be 4 years since this all started. At a Bible study at the Free Methodist Church I expressed my desire to sew “Little Dresses for Africa”. I was encouraged by all. So I put an ad in our News-in-a-Minute for 2 weeks. I wondered – would anyone come? So on Feb. 26, 2014 we met at the Free Methodist Church in the Cannington Wing. Well, they did come, 21 ladies showed up with scissors, irons, sergers, sewing machines, etc. We meet in the Cannington Wing which the FM Church donate for our use.

We meet every Tuesday from October till April. We work from 1 – 4:30, stopping for a time of socializing at 3, Evelyn makes the tea and coffee and goodies seem to always come. We have had 10 to 18 ladies every week. In April we have a pot luck lunch to celebrate our winters work for anyone who has helped.

Our material comes from various people and places – ladies downsizing, estate sales, Thrift shops, and the Northgate sewing centre. They donate material every January, this year 62 metres. We have never bought material for dresses or shorts, though sometimes we get pretty low. We do buy elastic, Serger thread and broadcloth, as we make all our own seam binding. We have made many, many metres. Our volunteers often buy these supplies as we have limited funds.

These dresses, shorts, baby blankets have gone to Haiti, Dominican, Jamaica, Nicaragua, Mexico, Belize, Puerto Rico, Brazil, Peru, Philippines (by Jordan), Liberia, Uganda, Zambia, S. Africa, Equatorial Guinea (by Troy S.) and Malawi Africa, fires in the North and Shoeboxes. Hope I haven't missed any. We have never paid for shipping, all delivered by volunteers, mission trips (Carlyle). Thanks to everyone who ever took little dresses anywhere. It is greatly appreciated.

Thanks to our ladies who are so enthusiastic to start up, and are so dedicated. They come from Wawota, Kelso, Vandura and Kenosee Lake. It surpasses all my expectations.

If anyone would like to help or just see what we do, do drop in. Or if you want to help in other ways, we would accept monetary help to offset some of our expenses.

Big thanks to the Free Methodist Church for the use of your building, the cupboard you built for us to store our supplies. Without you this would never have come to be. And when we get pictures of the smiling face of the kids who received these dresses and shorts, we know what we do is so worthwhile.

Our 4th anniversary was on February 26. We have sewn 5030 dresses and about 2000 shorts. We are proud of our accomplishments. Thanks again for the help we have had from so many in the last 4 years. We have truly been blessed!!

Sincerely, Suzanne Eisler.

WANDERING THOUGHTS

(as we see them)

What to start with – the Olympics or the weather? O comes before W, so guess we'll give the Olympics the nod!

Canada was in 2nd place with medal counts a couple of times but it was to be short lived – 3rd spot is very acceptable – and it is a best-ever showing – WOW! The once-thought-to-be Canadian “strong holds” – curling and hockey – seemed to step aside giving way to other countries. Oh well, we can hope for an even better showing in Beijing, China in 2020! We're sure Canucks were 99% proud of our athletes' accomplishments!

Sixteen days of continuous sports is a long spell – one viewer told us that they even looked forward to the commercials! Amid all the excitement and glory, there loomed fear and wonderment – the feelings between the Koreans, the drug testing causing disqualification, and general world unrest. It is all part of history now – and was a great chance to see “outside the box” once again.

As promised, weather's turn is next. What can we say besides LOVE IT!! When temps hit 0° (and over) in the last week of February, how can anyone complain? WRONG – there are those “who among us” keep saying “We'll pay for it”. The lack of snow (so far) is raising some concerns, however we recall several years of March's (and even April's) “offerings”. Some say that good, warm spring rains are more effective than a whole lot of snow – let's just take the “still pill” before we press the “panic button” – wait and see taking one day at a time.

We notice another couple of “sure” signs that SPRING is near – advertisements of bull sales and upcoming musical recitals (queer combination – oh well?). We are certain that both are rewarding in their own respective ways.

Memory test! What were you doing at this time last year? Well, if you lived in the Wawota area, chances are you were involved in (or at least interested in) the community fight to keep the Royal Bank. Even though we feel that the final (and definite) decision was made months (years?) before, we were proud of the way the community pulled together in showing their displeasure. The way the “*whole plan*” was presented really added “*insult to injury*”. Meanwhile, time goes on and adjustments have been made even with the “*blow*” that remains in our minds!

And speaking of memories – 16 years on Friday (2nd) since we sold our last stamp and sorted our last letter – can't be possible – but is! It was very cold that day – friends staying over at the Village Inn had to thaw their boots out before embarking the next A.M. – no they didn't leave them on the step, only at the door!

Enough “remembering when's” – makes one's “age-spots” more visible

SHARE IF YOU REMEMBER ... Eating in the Fifties

Pasta had not been invented. It was macaroni or spaghetti. Curry was a surname.

A take-away was a mathematical problem. All Chips were plain. Chickens didn't have fingers in those days.

Oil was for lubricating, fat was for cooking. Tea was made in a teapot using tea leaves and never green.

None of us had ever heard of yogurt. Healthy food consisted of anything edible. Prunes were medicinal.

Cooking outside was called camping. Seaweed was not a recognized food.

Sugar enjoyed a good press in those days and was regarded as being white gold.

Khebab was not even a word, never mind a food. Water came out of a tap. If someone suggested bottling it and charging more than gasoline for it, they would have become a laughing stock.

The one thing we never ever had on/at our table in the fifties ... was elbows, hats and cell phones!!

- The slant of letters hints of a person's sociability. No slant are logical & practical, independent people. To the right slant – people open to new experiences. To the left – people keep to themselves and like to work alone behind the scenes. A writer who changes slant from left to right in the same sentence, tend to be insecure & have trouble making decisions.
- Those who press the pen hand against the paper are generally forceful, committed people who take things seriously. Those who exert light pressure are sensitive & empathetic – also may be physically weak.
- Large loops at the beginning of letters shows a person who desires to be needed by a large number of people - likes leadership roles.

When the Lever Brothers came out with their own line of soap, they advertised that their product prevented body odor all day, "All around the clock". They wanted to pick a name that would illustrate this benefit, so they thought of the image of a clock face and named their new soap product "DIAL".

CULTIVATE A THRIVING FARM SUCCESSION PLAN¹

LIKE A FARM, A GOOD SUCCESSION PLAN TAKES TIME AND CARE.
PROTECT YOUR FARM, YOUR FAMILY AND YOUR INCOME.
WE CAN HELP.

Planning how to pass the farm to the next generation while protecting your own financial security is something to plan for now, rather than putting it off until later. We'll help you look at the big picture, gather information and set goals. Together, we'll carefully consider your options and resolve issues, meeting the needs of everyone involved. It all starts with a few simple steps. Let's talk about how we can help you.

Congratulations

To Jeff Corkish on being inducted into the Minnesota Girls Hockey Coaches Association Hall of Fame on Thursday, February 28th in a ceremony held in St. Paul, MN.

And to Owen Corkish (Jeff & Laura's son) and his Cottage Grove Wolfpack Squirt A hockey team on winning the Fargo International Squirt A hockey tournament in Fargo, ND this past weekend. They had to get by 6 teams to win.

To Aaron White, who reported he won \$2,500 at a 50/50 draw at the Estevan Bruins Hockey Game a week ago.

To Elliot, Hanna, Reece and Brooke on making the cut for 6 girls' teams selected for Canada Games training in Sask., earning the opportunity to compete against their peers to possibly represent Saskatchewan Winter Games next year.

**"In like a lion, out like a lamb" or
"In like a lamb, out like a lion"**

We would say that March came in like a lamb this year. Does this mean March will go out like a lion? Time will tell – but we will enjoy this "warm spell" as long as it lasts.

Some other interesting proverbs are:

- "So many mists in March you see, so many frosts in May you'll see"
- "A winter foggy day means a rainy day in 90".
- "When March is like April, April will be like March"
