There will be no charge for community upcoming events, announcements or appreciations. At present commercial advertisements and/or articles for sale will cost (per issue) 3"x4" or smaller - \$2; ¼ page - \$5; ½ page or whole page to be printed by you for insert - price negotiable. Advertisements can be run weekly, once a month, or desired frequency.

WANDERING THOUGHTS

(as we see them)

Seems like we only finished with last week's edition and here we are preparing the next! Sometimes our personal life "jumps in" to disrupt our normal schedule – and that's allowable according to the "contract"! (Next week we can blame the Easter Bunny for the shortened week!)

As the usual Winter/Almost Spring activities wind up for another year, the customary spring events begin to happen, i.e. Wawota Rocks Gala on April 14th, Lions' Fish Fry on April 19th and others.

The St. Patrick's Luncheon sponsored by the Catholic Church on the 16th was attended by 75 "Irish Stew and all that goes with it" lovers – up 10 from last year! Terry Latham was the "lucky leprechaun" winning the 50/50 draw.

The Skating Club Ice Show on Friday evening was well attended by parents, grandmas & grandpas, uncles & aunts – and many fans of the younger set as they showed off their learnings of the season.

Hey – we take back all of the comments about Sask Power uttered during the 10-15 hour power outage that occurred on February 27-28! On Thursday of last week, a maintenance crew were in Town repairing non-working street/back lane lights! (Our lane light on the east side of Parkland School has been "flashing" or totally out for months.) We may even keep this "not-before-due" repairing fix in mind when the next power rate hike is announced!

Speaking about school, wasn't that "walkout" of students protesting gun control at many schools in the US & Canada on the 14th something we never thought we'd ever see? We doubt if arming teachers with handguns will solve the problem!

We hear that US owned Toys "R Us are closing stores in that country – they say it's business as usual for their Canadian outlets for now – unless a buyer can be found. Shopping via social media is the reason given!

Our Prime Minister has visited our fair province twice in the last two weeks to discuss major concerns such as carbon tax, grain movement and steel sales. Hopefully he'll remember where we are when (and if) there suddenly is some \$\$ to give away!

No report would be complete without mentioning the weather. Think we should feel lucky that we haven't (as yet) experienced a "fast melt" – the "freeze-dry" effect at nights has greatly aided the drying up. But with that comes another concern – *ICE!!* Walking is almost a "take your chance" activity. (We had the pleasure of showing our moves last week when delivering News-in-Five – have sore spots to prove it – wish someone would invent cement that was a little more forgiving!

Do you know the meaning of LIPOGRAM? Well, it's the work of writing that deliberately leaves out one or more letters of the alphabet – opposite to misspelling? (We needed to fill up this empty space – sorry!)

NOTICE FROM THE EDITORS ... EARLY DEADLINE --

Due to Good Friday, we will have a **Tuesday, March 27th deadline.** The paper will be distributed on Thursday, March 29th.

VIAL OF LIFE ?

Vial of Life is a program that helps emergency personnel locate important medical details in the event of an emergency in the home. A vial containing all important medical information is stored in the refrigerator and a sticker on the fridge door alerts emergency personnel that the vial is inside. (Why the refrigerator? – They are common to every household and can be easily located in an emergency.)

The aim of the Vial of Life program is to help paramedics on the scene of an emergency by reducing the amount of time searching for basic medical and prescription information. Having this information easily accessible will also save time for emergency room and hospital personnel and facilitate the care process. In addition, seniors living alone may not have someone to help communicate important health information to emergency personnel. Someone (doctor, pharmacist, caregiver) could help in the filling out of the form re medications, allergies, doctor's name, next of kin, life support wishes, etc. It is very important the information is kept up to date.

This is a community service – free of charge – a project of the United Church Pastoral Care Committee. For more information, contact Carol Nicurity @ 306-575-8505.

After reading the last week's "blurb" about someone getting an "unordered" free muffin at the Village Inn morning coffee row, an idea "hatched"

Goes-to-show-ya how an innocent mistake can sometimes turn into a unique idea!!

AGE HAPPENS ...

- You're ageing when your actions creak louder than your words.
- By the time you've figured out all the things you shouldn't do, you've already done them.
- By the time a man is wise enough to watch his step, he's too old to go anywhere.
- You know you're getting old when you're sitting in a rocker and you can't get it started.
- Remember, no matter how many candles you blow out this year, there's one gal who will always think of you as young, strong and handsome ... your mother.

SAY "HELLO" TO SPRING ...

The first day of **spring** arrived on Tuesday, March 20 this year. March is a notoriously fickle month for weather, but one thing that always comes, rain or shine, is the first day of spring — even if it doesn't feel like it.

The first day of spring is called the vernal equinox (sometimes also referred to as the spring equinox or March equinox) and it is almost always either March 20 or March 21 (though it will fall on March 20 for the next two years in a row). The date is determined when the sun passes over the plane of the earth's equator, making night and day approximately equal lengths all over the world.

GREAT ENTERTAINMENT !

On the 7th we took in the Moosomin Arts Council presentation of Tomato/Tomato. The name had us wondering, however it was a most entertaining show. It was a husband/wife duo – guitar, drums & vocal. The wife played the drums – standing up! She played the bass drum with one foot and the snare with the other. Besides this, she had a washboard around her neck with other drum effects – and sang at the same time! They call the East Coast home.

Then on the 18th, we attended the Buddy Holly Tribute at the same location. A full house was entertained by three guys from Manitoba doing songs that made Buddy Holly famous in his all-too-short life. Mary McGonigal of Moosomin hosted the show with proceeds going to STARS – a cheque of \$3,000 plus was presented. Great show – Great Cause!
