WANDERING THOUGHTS

(as we see them)

As we begin our weekly column, the temp reads 25.3° C at 5 p.m. – here comes summer – what happened to spring? With the “abbreviated version” of spring this year, we count only 48 days ‘til the first day of summer – then daylight hours once again begin to lessen!

On our travels on the weekend, we saw activity in the fields – applying fertilizer on hay land, harrowing, air seeder units in position and anhydrous tanks being hauled on the main roads. We predict by the time you are reading this – weather permitting – the planting could be in full swing.

We’re pretty sure that our feathered friends – Gertrude and Heathcliff – have returned to Peddle’s Pond – they were busy checking out the real estate available. Hopefully this year, there will not be the need to pump water from the Pond giving a more peaceful time to raise their family.

We are hearing of several golf courses opening on the weekend. We saw action on the Pipestone Hills Course – maybe not officially open – perhaps the urge could not be contained any longer!

On the subject of sports, the Wawota Pats will not be fielding a team this season due to lack of players – management are hoping that this time next year will have a more promising outlook. This could well be the first time in many years that Wawota will not be represented in local baseball – NEXT YEAR!

Deer View Lodge held a tea on the 25th to honour – and thank – their many volunteers – entertainment, craft helpers, handivan drivers, game participants – and the list goes on! A variety of home-made pies and ice cream was served with a choice of beverage. Each visitor received a book of writings on appreciation, jokes and recipes plus an unique flower-pen. A little quote: “Appreciation is like salt. A little goes a long way to bring out the best in us”.

The local Business Enhancement Group met at Ivy & Elm on the 25th to discuss plans for the summer. Many unique ideas were shared. There was much encouragement with the involvement of new and young business owners. There comes a time when the “white hair/scarcity of hair” have to step aside to make room for new bodies and new ideas – we wish you the very best in all your future plans!

Reports are that a very successful benefit supper and auction to help Janelle Lamontagne was held on the 28th. An estimated 150 people attended. Janelle is having to continue fighting her illness with many costly medical treatments. A similar evening is planned for this Saturday, the 5th for Doug Wight with a similar situation. Hats off to those who organize these benefits – and to all who contribute to their success in any way.

They tricked us – KoRner Kones opened one day early! Thanks to a “member-of-the-same-flock”, we were given a hint of the change – so had to get an advance on our allowance to make the first withdrawal on our KK account – and yes, the Cappuccino Flake is a MUST!!

Here ‘tis 16 hours later – and the temp is 4° C with a NW wind – surprise! Back to the long pants and a hoody ...

THANK YOU

It's impossible to express how thankful I am for all the love and support that I was shown at the supper that was held on April 28th! Small towns are incredible for coming together during difficult times and Wawota epitomizes this.

Thank you from the bottom of my heart to everyone who organized, donated to, volunteered at, and attended the supper as well as those who have generously donated to the trust fund, purchased support tickets and/or attended the social in Brandon. I am so fortunate to be surrounded by such a caring community.

DID YA' KNOW?

- Every part of the dandelion is edible.
- Leaves should be harvested before flowering if they are intended to be used fresh. Older plants have a bitter taste.
- Steep one teaspoon of dried roots in a cup of boiling water for five minutes for a healthy tea. Try a bit of honey or cinnamon for extra flavor.
- Flowers should be eaten immediately after harvest and can be cooked in soups or eaten fresh with salads.

See you in the PATCH !!

You asked ??

Question: What is the most welcome evening sound we hear at this time of year.

Answer: In our opinion, the hum of lawn mowers as residents make way for the new growth – and discard the “winter treasurers”. Also, hearing geese discussing where to set up this year’s nursery – and soon, the croaking of the frogs!

the pounds melt away.

"Does it work?" I asked.

"Sure," he said, "if you put it over your mouth."
