

# WAWOTA News-in-Five

Friday, May 15, 2020

**Wawota News-in-Five** is a weekly news brief sponsored by the local Lions Club in co-operation with the Town of Wawota, R.M. of **Walpole** #92 & R.M. of Wawken #93. News-in-Five will not go into local mail boxes but will be made available at various local businesses every Friday.

There will be no charge for local community upcoming events, announcements or appreciations. At present commercial advertisements and/or articles for sale will cost (per issue) 3"x4" or smaller - \$2; ¼ page - \$5; ½ page or whole page to be printed by you for insert - price negotiable. Advertisements can be run weekly, once a month, or desired frequency.

Contacts for submitting events, articles for sale, ads, etc. will be: Garry 306-739-2437 or Shirley 306-739-2295 or can be e-mailed to [s.corkish@sasktel.net](mailto:s.corkish@sasktel.net) **Cut-off time for submissions will be Wednesday at noon (unless stated otherwise).**

## WANDERING THOUGHTS (as we see them)

**WE'RE BACK !!** (A formal re-introduction might be in order – but after seven weeks of absence, we'll take a chance that you'll remember us!) Everyone must – and will – get used to a different life in a different world. Some speak of when “we get back to NORMAL” – our opinion is that we will never know/see normal as we once knew it. The best we can do is try and deal with the situation as best we can.

Home/self isolation sure gives a person time to think about life – and all that goes with it. In some cases, things were tried that before were never thought possible – scary – YES! One example was baking – only had the smoke alarm go off twice – not bad! (Being isolated, you couldn't invite anyone over to sample the result so it was either eat it (again scary) or chuck it.)

A friend tells us that they had so much “*time on their hands*”, that they've gotten half of their 2021 spring cleaning done! (We also gave this a try – found things we didn't know we had!)

Going for a leisurely drive (even with the low/lower gas prices) didn't help the cause – business closures everywhere didn't/don't help brighten one's spirits. Less travel (air or ground) had to have put pollution levels at an all-time low. Insurance companies are also seeing fewer claims with no/next to none travel.

Our “What's Happening” section should maybe be renamed “What's Not Happening” – it's looking to be a very quiet summer/fall? Even major annual events (Calgary Stampede, CFL, NBA, and many more) cancelled – some for the first time in their history – a new life – a different world!

Yes – and even SPECIAL birthdays had a different approach! A friend – turned 80 years – birthday supper was delivered to us – delicious but only one thing missing – the guest of honor. Another in a neighbouring town – this time 100 years – instead of a dance, etc., a community parade was held with almost 100 participants. Both different but unique.

And the weather – spring, summer, winter – all in a week. Fertilizing the lawn seemed like a wise thing to do (especially when rain was in the forecast) – oh well, snow is a form of moisture, too! (Only found one “winter pet surprise” near the back of the lawn – must have been on a long leash!) Something else to watch for – mosquitoes and ticks are hungry.

When we decided to “get back to NiF business”, we posted notices on Facebook and put posters around town...and were pleasantly surprised to see how much we were missed. Thank you for the “likes” and positive comments – it is greatly appreciated!

On closing, a quick glance at our very empty calendar tells us that we only have 96 hours left till we can get a haircut ... **STAY SAFE EVERYONE!**

## **WAWOTA MUSEUM UPDATE**

Due to the Covid-19 Virus, the Wawota & District  
Museum will not be able to have their Annual  
Spring Tea and Bake Sale this spring.

The Museum is closed to the public at present,  
but we are still hard at work “behind closed  
doors” – building display cases, reorganizing  
display areas, cataloguing items onto our  
computer program, and working on needed  
repairs to the museum buildings.

Check out the Museum’s Facebook page to see  
some of the displays we have worked on this  
year.

Even though our fundraising/tours/activity events  
cannot be held at present, we still need funds to  
keep the museum operating. Any financial  
donations to the museum can be sent to  
Wawota Museum, Box 179, Wawota, SK S0G  
5A0. Tax receipts are available for donations  
\$10 or more.

We will keep you informed about any 2020 plans  
we are able to organize.

## **JOB POSTINGS**

I didn't know if my granddaughter has learned her colors yet, so I decided to test her. I would point out something and ask what color it was. She would tell me and was always correct.

It was fun for me so I continued.

At last, she headed for the door, saying, "Grandma, I think you try to figure out some of these colors yourself!"

## RTR UPDATE

Like everyone else, members of the United Church Raise the Rafters gang were more than happy to "escape the four walls" and have a chance to visit and work bee (social distancing adhered to) on Saturday evening.

We were offered 9 flats (216 containers) of strawberries from an area grocer (excess order) at a deal we couldn't refuse.

Four hours later, the berries (very little waste) were washed, sliced, bagged and in the freezer – jamming comes next!

Just a reminder – we have 31 pies on hand, plus jams, jellies, relish ... ..

The most important do-it-yourself project is your life.

**TOGETHER, WE ARE REDUCING THE RISK OF COVID-19. WE CAN PULL TOGETHER BY STAYING APART.**

**Continue to practice physical distancing; avoid gathering with people outside your immediate household; avoid unnecessary travel, self isolate if you have symptoms, wash your hands often.**

A Software Engineer, a Hardware Engineer and a Departmental Manager were on their way to a meeting in Switzerland. They were driving down a steep mountain road when suddenly the brakes on their car failed. The car careened almost out of control down the road, bouncing off the crash barriers, until it miraculously ground to a halt, scraping along the mountainside.

The car's occupants, shaken but unhurt, now had a problem: They were stuck halfway down a mountain in a car with no brakes. What were they to do?

*"I know,"* said the Departmental Manager, *"Let's have a meeting, propose a Vision, formulate a Mission Statement, define some Goals, and by a process of Continuous Improvement, find a solution to the Critical Problems, and we can be on our way."*

*"No, no,"* said the Hardware Engineer, *"That will take far too long, and besides, that method has never worked before. I've got my Swiss Army knife with me, and in no time at all, I can strip down the car's braking system, isolate the fault, fix it, and we can be on our way."*

*"Well,"* said the Software Engineer, *"Before we do anything, I think we should push the car back up the road and see if it happens again."*

### APPRECIATIVE ENTERTAINMENT

Any form of "self-isolation lockdown" entertainment is appreciated – doesn't take much!

The "NO PARKING" signs (west one) on the 100 block of Pipestone Avenue (Wawota) miraculously changes from black and white to green, blue, yellow, orange and purple from about 9:45 – 10:30 a.m. on sunny days – every morning!

Maybe these signs don't serve their intention 100%, however they do bring beauty/pleasure to residents whose property they are adjacent to – and right at coffee-time. Maybe doesn't compare to "coffee-row" but any bit of cheer these days of doom and gloom is appreciated (coffee row is similar some days).

A new result is "life-changing" when it ends – SIGN CHANGING?

## **"EACH TO THEIR OWN"**

These days of "taking life at a slower pace", we take time to observe how people have a different take on the world's present situation.

There are those who seem to take the whole thing to the highest level (overboard in some people's opinion).

Then on the "flip-side", we see those who feel all the rules are unnecessary (even world leaders – NO NAME) – and make their own decisions on what's best – no concern for others.

It ends up – you decide. Normal may have taken on a whole new meaning, but common sense is still pretty safe ... ..

### **Some ideas of fun or productive things you could do if you're stuck at home:**

- learn a new skill or craft
- take an on-line course
- read a book
- have a movie marathon in your PJs
- do some home repairs
- try an exercise video
- play video games
- write a story or poem on your 2020 experiences
- write your life history (great to give to children or grandchildren)
- create a new dance (and put it on TikTok)
- play board games
- work on a jigsaw puzzle
- watch travel movies
- plan an at-home spa day
- try a new wine
- cook a new recipe
- go for a walk or run
- clean up/delete old files on computer, ipad, iphone
- mow your lawn
- plant a garden
