

WAWOTA News-in-Five

Friday, May 22, 2020

Wawota News-in-Five is a weekly news brief sponsored by the local Lions Club in co-operation with the Town of Wawota, R.M. of **Walpole** #92 & R.M. of Wawken #93. *News-in-Five* will not go into local mail boxes but will be made available at various local businesses every Friday.

There will be no charge for local community upcoming events, announcements or appreciations. At present commercial advertisements and/or articles for sale will cost (per issue) 3"x4" or smaller - \$2; ¼ page - \$5; ½ page or whole page to be printed by you for insert - price negotiable. Advertisements can be run weekly, once a month, or desired frequency.

Contacts for submitting events, articles for sale, ads, etc. will be: Garry 306-739-2437 or Shirley 306-739-2295 or can be e-mailed to s.corkish@sasktel.net **Cut-off time for submissions will be Wednesday at noon (unless stated otherwise).**

WANDERING THOUGHTS (as we see them)

Let's begin this week's report on a happy note (rare these days) – **HAPPY 17TH BIRTHDAY TO NEWS-IN-FIVE** (at one time known as News-in-a-Minute) – on May 23rd! Our initial printing was 150 copies – well “you know the rest of the story”. And thanks for all the comments via social media, phone calls and street talk on our return to circulation – it's always rewarding – and appreciated – when the bouquets outnumber the criticisms.

We apologize to any regular advertisers whose ads may have been missed in last week's paper – we tried to contact everyone to see what your 'reopening schedule plans were' – some didn't get back to us, so we dropped them until we get the word.

“Nuff” about us – how did you celebrate the first long weekend of the summer (unofficial)? With the “new lifestyle”, it would be like none other. Usually, weather is the main concern – this year weather was on a “back burner”.

“COVID-19” has changed most everything in everyone's lives, but it did not/cannot change the taste of ice cream/bunwiches, etc. at KoRner Kones who actually opened on Mother's Day. Be sure to stop in and check 'em out – does wonders for “cabin fever syndrome”!

Some folks are saying that all this home-isolation, etc. has seen the bathroom scales revealing some increases – guess the availability to the fridge is the culprit? (Once we get to the barber on the 19th, could shed a few kgs for us!)

On the daily walks/bike rides, it is refreshing to see tulips, daffodils, dandelions (maybe not) brightening up the scenery. Lawns are looking good also - guess some “early birds” have garden planted, too. (Another cure for “stay-at-home-too-long” is take a visit to the Greenhouse – gives one an “encouraging uplift”.)

On our first out of town venture last week on the “paper trail” we were amazed at how green the rural area is – a few days of warmer temps will even make it more so. There was much evidence of farming beginning. On speaking with a farm-friend the other day, we were told that when out fencing, it was not uncommon to hit frost in some places at 6” or less – some warm days will change that too!

Normally (there's that word again) we'd be attending the first Red Barn Market of the season – NOT! Scoop spoke with H&B (whoops- B is the Boss (B&H) and they are playing one week at a time – next one is scheduled for June 14th – so many maybes, wait & see, and other uncertainties.

This the season for frost boils – Mother Nature's version of acne! We see some main streets in surrounding small centres being victimized – at home area west of Wawota Service Centre and an area west of Conexus Credit Union are popping up – we're sure the Town maintenance crew will soon be putting the annual “band-aid fix” to them!

With all the stress in everyone's lives on Good Friday, how can anyone remember if it was windy that day or not? Must have been, 'cause the old myth is “windy on Good Friday, wind for the next 40 days” – Wednesday, (20th) was day #40!

Whoa – put the brakes on – 7 weeks of no paper has made us long-winded (or long winded-er) – Stay Safe everyone!

A very sincere and appreciative thank you to our local businesses who have stayed open offering their services during this pandemic – a true example of “Together, we can beat this”.

Also welcome back – and good luck – to those businesses who are re-opened on Tuesday in Phase #2.

Congratulations!

To Ken Sheane (Maryfield) on his retirement as maintenance man at Deer View Lodge – welcome to the good life!

To Betty Walker who celebrated Birthday #91 on the 18th – greetings from all your Wawota friends!

SOMETHING TO PONDER ...

What if we stopped thinking about masks as a sign of being controlled by the government, and simply wore them to protect cashiers and others in high risk jobs as an act of kindness?

**Make sure you check out the updated
Town of Wawota web page**

If you have anything to add regarding your club, your church, upcoming events, etc. contact the Town Office or Kristine Duff.

POINT TO PONDER

With so many government handouts/bailouts being announced daily, there is “wonderment” on how many “do not qualify” applications are being received from businesses and individuals.

And if some of these “slip through the cracks” (and later discovered), would they be made to repay – and furthermore, be charged?

Could be/must be a “hay day” for scammers – BEWARE – they’re out there!

Pencils could be made with erasers at both ends, but what would be the point?

WAWOTA MUSEUM UPDATE

Due to the Covid-19 Virus, the Wawota & District
Museum will not be able to have their Annual
Spring Tea and Bake Sale this spring.

The Museum is closed to the public at present,
but we are still hard at work “behind closed
doors” – building display cases, reorganizing
display areas, cataloguing items onto our
computer program, and working on needed
repairs to the museum buildings.

Check out the Museum’s Facebook page to see
some of the displays we have worked on this
year.

Even though our fundraising/tours/activity events
cannot be held at present, we still need funds to
keep the museum operating. Any financial
donations to the museum can be sent to
Wawota Museum, Box 179, Wawota, SK S0G
5A0. Tax receipts are available for donations
\$10 or more.

We will keep you informed about any 2020 plans
we are able to organize.

NOTE:

Canada Revenue Agency (CRA) has
extended the tax deadline to June 1, 2020,
amidst COVID-19 outbreak.

The Wawota website (www.wawota.com) is now
available to post job listings.
Employers can contact the webmaster to post their

TOGETHER, WE ARE REDUCING THE RISK OF COVID-19. WE CAN PULL TOGETHER BY STAYING APART.

Continue to practice physical distancing; avoid gathering with people outside your immediate household; avoid unnecessary travel, self isolate if you have symptoms, wash your hands often.

For information on Re-Open Saskatchewan, Public Health Orders and all the information on the Provincial response to COVID 19, go to Saskatchewan.ca/COVID19

HOW ARE YOU PUTTING IN THE TIME

With the self-isolation, quarantines and closures, Scoop asked a few people how they were coping:

- A father of two little (school age) girls was asked if they were missing school. His reply "not as much as they miss being with their friends".
- An adult friend says that they have watched/are watching so much TV that they know the answers to all the questions before they are asked on the Game Show Network.
- Family orientated: Our nine year old great, great niece was told there would be no more school this semester. Her grandmother (niece) casually said that she would home school her at Grandma's house. The reply, "Oh good, I can go to school in my PJs".

GOOD AS NEW – ALMOST

My parents purchased a medium size Zenith deep freeze from Ron's Hardware (Wawota) sometime prior to 1978. It was located in the unheated porch of the farm house.

In September of 1978, we moved to Wawota – and yes, the freezer came along – this time it was placed in an unheated car garage.

At this time of writing, it is still working – only "age injuries" are a few rust spots and a broken lock. (It's probably not considered "energy efficient" in today's terms, but ...)

An area appliance dealer tells us that the life expectancy of freezers, fridges, stoves, washers and dryers is 7 – 8 years in today's standards!

Guess they don't make 'em like they used to -- --

P.S. Also repairs are next to impossible to find after 7 – 8 years, so guess what – we go shoppin' for a new one -- -- --

COVID-19 NEW VOCABULARY

We are all aware that COVID-19 has affected our lives forever – even to the way we speak – new words.

A few examples are:

CORONA COASTER – the ups & downs of our mood – loving lockdown one minute and sadness with anxiety the next.

CORONA DOSE – an overdose of bad news from hearing too much media – can result in a “panicdemic”.

COVID-10 – the pounds you’ve gained from comfort-eating – also known as “fattening the curve”.

Please take your clothes out of the closet regularly – air them out and allow to stand in sunlight. Recent studies show that if clothes are kept in closets over lockdown ... they shrink.
