WANDERING THOUGHTS
(as we see them)

Where were you – and what were you doing on July 29th of this year – complaining about the heat (33°C) like most people? Okay, fast forward – did you even wish that some of that heat might be saved for the 3rd week & beyond) of October? Suck it up – it may (& will) get worse!

Saw a cute cartoon recently titled “Thanksgiving 2020”. It showed a picture of a farmer holding an axe facing a turkey holding a sign reading “Please practice physical distancing”. (A chopping block sat between them!)

Along the same idea, on our “paper trail” last week, we saw a herd of cattle in a field formed in an almost complete circle. In the centre of the circle was a gaggle (flock) of geese – were they thinkin’ – keep your distance?

Great to see the sign east of Town up and repaired – not sure if the Pharmacy sign should still be illustrated? (Thanks to those “wide-eyed” citizens for advising the power-to-be of the situation.)

And on the sign issue – have you noticed the new addition to the grid road signs – stating range, township, section of the area. (We are told these were erected to aid emergency issues – ambulance fire, etc.)

This past week, the mail included an information letter re Wind Projects in the area – also an insert in last week’s News-in-five concerning a possible area between Wawota and Walpole. Both projects are in the planning stages with submission due in November – and if accepted, completion expected by December 2023.

Fall/Fowl suppers – another 2020 memory – well almost! The communities of Kisbey and Manor (Oct. 23 & Nov. 1 respectively) are holding Take Out Suppers! Will be interesting to hear the outcomes. (The idea was “tossed around” locally, however NONE prevailed.)

We are being told that COVID-19 – Wave 2 is upon us – or soon to be – if so, we have a little more time to prepare – MAYBE! Are you noticing how people in general, are thinking differently and acting in unusual ways – far from the normal – or is this just a personal reaction?

A recent conversation with a friend brought up an interesting comment – they said they’d love to sit down with their great grandparents and have a talk about the Spanish Flu of 1918 – just to see if human nature has gotten any better.

FOOD FOR THOUGHT

Remember the rules – and abide by them – STAY SAFE!!

TO FAMILY AND FRIENDS OF OUR VETERANS

As November 11, 2020 approaches, our thoughts go out to the men and women who have served our country. We remember the ones who gave the ultimate sacrifice, and those that are with us and help us to Remember through the work of the Royal Canadian Legion and other programs.

The year 2020 has given us many challenges and we have to face one more. Covid-19 has given us some things to review on how we will proceed with our November 11th ceremonies.

Our decision is to have a small ceremony at the Legion cenotaph at 11:00 a.m. November 11, 2020. We will lay six wreaths dedicated to the Government of Saskatchewan, Wawota Legion, Veterans of World War I, Veterans of World War II, Veterans of the Korean War and the Peace Keepers and to those who have served and those that are still serving our country.

As we come together on the 11th of November we are required to follow the guidelines of our province and community with regards at the Covid-19.

The Local, Provincial and National levels of the Royal Canadian Legion depend on our Poppy campaign to provide the services to look after our Veterans throughout the year.

We ask for your continued support with our Poppy displays and with the Wreath and Crosses sales that we have to honour our local Veterans.

Thank you for your continued support – Wawota Branch #113

The KaR Wash
Get your SHINE on!

We regret to inform you the KaR Wash will be CLOSED UNTIL FURTHER NOTICE. The damage the door sustained from the hit and run incident has left it inoperable, and due to covid 19 it could be several weeks or months before we are able to obtain a replacement.

We apologize for this inconvenience and hope to be back in service soon.

The art of being wise is the art of knowing what to overlook.
ANOTHER “REMEMBER WHEN”

Many residents of Wawota received word last week that as of October 31st, the Leader Post will no longer be delivered to the community – but will be available via social media.

The reason given for this decision was the declining subscribers.

There are apparently two online options available; a Digital Access Subscription, which gives you unlimited access to their online content at [www.leaderpost.com](http://www.leaderpost.com) or The Leader-Post ePaper, a full featured replica of the print edition, sent to you each morning via email, which can be viewed on your computer, tablet or smartphone. We contacted the L.P. and were advised the cost for Digital access or ePaper is $9.99 a month plus tax. They do not offer mailed subscriptions.

Scoop spoke with the LP delivery man and was told he had sent in his resignation recently – been doing it for 13 years. Thank you Don for your service and dedication.

Also thanks for dropping off News-in-Five at Kenosee, Kennedy and Langbank for the last few months – much appreciated.

Hello All …
Well it is that time again to vote for our Town Council. My name is Allan Bunz. I have finished my first 4 year term and have enjoyed my time on council. The people on council have all been great team to work with.

We have done good things for the town and hopefully more to come. We as a Council would like to do more, but as you all know these are trying times and funds are hard to come by.

I have decided to run again for another four years and I am asking for your continued support on November 9th.

I am sure that whoever is voted in for Town Council going forward will do a great job for our town.

Have a great day, stay safe.

My name is Robert Pilloud. I moved to Wawota approximately 9 years ago. I am employed at Chimo Lumber and I am a member of the Lions Club, Wawota Fire Dept., and the Wawota Housing Authority.

I am running for Council because I feel change is needed in these trying times.

Over the next 4 years I would like to see our local infrastructure strengthened, and promote Wawota to draw families here to live.

To achieve these and other goals, new eyes and new ideas will help with this.

My name is Kathy Hamilton. I was raised on a farm outside of Wawota. I returned too many years ago to raise my family. I am a mom, grandma and business owner plus have worn a few other hats.

I have served 2 terms on council and I am happy to see so many new people come forward. I believe a mixture of experience and fresh ideas will make for a productive council.

I am a firm believer in supporting and promoting local businesses, local youth and service groups.

Taxes cannot be avoided in life but I believe any tax increase should reflect the needs of our community.

For me this is quality of life, safety and growth. Money for Doctor services, RCMP services, safe water and sewer infrastructure and promoting our business sector.

Vote informed. Vote safe, wear your mask.

A different world cannot be built by indifferent people.

Contact Shirley @ 306-739-2295.

THANK YOU ...

The Wawota playground committee would like to send out more thanks to the groups involved in helping make the new structure a possibility.

Big thanks to the RMs of Wawken & Walpole for the donation of the pea gravel to help make the structure even more safe for the kids! As well as JJ Trucking for getting us the gravel.

It really takes a community to make things like this happen and we’ve appreciated all the people and groups who stepped up to help make it happen.

EXAMPLE OF OVER-STEPPING?

In a small town, everyone (some more than others) “looks out” for everyone else.

The other day we took advantage of the beautiful sunny afternoon to hang some laundry out to dry.

Within an hour, an observant neighbour called to tell us that the one grey sock needed the heel to be mended – before it was put back in the drawer!

Just trying to help??

THE WEATHER
As we go to press, we read that tropical storm #26 is forming in the Atlantic southeast of Bermuda. This is one storm away from the 2005 record – and more than five weeks ahead of that record pace.
And on the home front – we expected to awake to a “winter wonderland” on Tuesday, but no … however, we didn’t have to wait long. By shortly after 8 a.m., the snow began to accumulate.
Time to get the shovel/blower out – maybe Mother Nature is just warning us of what lies ahead?

Small businesses are suffering big time in the wake of COVID 19.

Now is the time to support your local businesses. Take out/eat at your local restaurant. Get your hair done at your local beauty shop. Buy your groceries from your local food stores. Choose a small business as often as you can. Walmart and Costco and Amazon will survive. Take your money to people who truly need it to survive.

Shop small, shop independent and keep the local economy going.

News-in-Five questions to the candidates

1) What made you decide to run for a position on Town Council?

As I've become more involved with local community groups over the last few years, my interest in running for Town Council has grown. On each board and group in which I participate, I have seen opportunities to work with other passionate community members to serve the town.

2) What would you like to see happen in our Town in the next four years – and beyond?

There are many things that I want to see for our town in the coming years: new small business supports, continued involvement in community programs, more stable town finances, zoning issues and protection of future business properties, and so-forth. However, my main focus initially will be on two areas: one area in which I believe we are doing well (community programs), and one area in which I believe we need to improve (small business support).

3) How do you feel that you can contribute to these improvements?

Simply put, there are three reasons that I believe I can contribute to these areas:

i. I am a passionate community member who cares deeply about the town. The success of Town Council is personally important to me.

ii. I am a hard-worker with an unwavering work ethic. Not only can I come up with big ideas, I am able to work hard to see them through.

iii. I have some new ideas and experiences that I believe will provide valuable insights on Town Council, including: my knowledge of grants and working with different levels of government for support; familiarity with municipal administration; interest in working with organizations such as SEDA and Community Futures Sunrise; and more.
